CAREER OBJECTIVE

Computer Science undergraduate specializing in Cyber Security with proficiency in C, Python, and Java. Skilled in data structures, algorithms, object-oriented programming, and secure coding. Passionate about developing scalable software and strengthening system security. Seeking an entry-level Software Development or Cybersecurity role to apply technical expertise and strong problem-solving skills.

EDUCATION

B.Tech in Computer Science and Engineering (Cyber Security)	2023 - 2027
CVR College of Engineering, Ranga Reddy	CGPA: 9.61
Intermediate - TSBIE	2021 - 2023
Narayana Junior College, Hyderabad	Percentage: 96.6%
Secondary School Certificate (SSC)	2020 - 2021
Matrusri E & L High School, Hyderabad	CGPA: 10.00

TECHNICAL SKILLS

Languages: C, C++, Java, Python, JavaScript, SQL
Web Development: HTML5, CSS3, React.js, Node.js, Express.js
Blockchain: Ethereum, Solidity, Smart Contracts, Truffle, Ganache
Databases: MySQL, MongoDB, Firebase
Developer Tools: Git, GitHub, VS Code, Postman, Eclipse
Core Concepts: Data Structures & Algorithms, OOP, DBMS, Computer Networks

PROJECTS

Event-Ease HTML, CSS, JavaScript, Node.js, Express.js, MongoDB	February 2025
- Built a full-stack event booking web application with features for event discovery, booking, and management. - Designed a responsive and user-friendly frontend ensuring seamless experience across devices. - Developed RESTful APIs using Express.js and implemented CRUD operations for events and users. - Integrated MongoDB with schema design and optimized queries for efficient data management. - Implemented authentication and session handling for secure user access.	
Remindly Python, Tkinter, Plyer, PIL	September 2024
- Developed a desktop-based reminder application with an intuitive GUI using Tkinter. - Implemented input validation and scheduling logic for time-based notifications. - Integrated Plyer for real-time system notifications and PIL for image handling in the interface. - Designed modular and maintainable code structure for improved scalability.	

CERTIFICATIONS AND ACHIEVEMENTS

- CodeChef Rating - 1529 (2-star Coder)**
- LeetCode Rating - 1893 (Knight Level)**
- Blockchain Developer Certification** - LinkedIn Learning
- Red Hat Training:** Getting Started with Linux Fundamentals
- Oracle Academy: Database Design and Programming with SQL**
- Google Cybersecurity Professional Certificate** - Coursera
